Positive School Climate

The students at Folk Arts Cultural Treasures Charter School are encouraged to develop intrinsic motivation to do well, belong, contribute, and engage in meaningful learning and growth. As educators, it is our job to help students learn these skills so that they may become well-rounded individuals who contribute to their communities.

FACTS has adopted the Responsive Classroom Program and Developmental Designs Program in the effort to foster a caring, thoughtful and structured school environment for all students. Each classroom teacher is responsible for creating and teaching procedures and expectations through interactive modeling as a major focus of the first six weeks of school. Once we have established our classroom community and introduced the rules and procedures through interactive modeling, then it is up to the teacher to enforce the rules. Effective behavior management throughout the year requires the use of three elements: reinforcing, reminding & redirecting language.

Discipline at FACTS is proactive and reactive. Proactively, we work with children to create, teach and practice expectations. Reactively, we use logical consequences to help children regain control, make amends and get back on track when they forget or choose not to take care of themselves or each other.

Inappropriate Conduct or Unacceptable Behavior

We expect that the great majority of our students will strive to meet FACTS' expectations for responsibility and self-discipline. Students are expected to take responsibility for the consequences of their misconduct and to make amends or restore the situation. We also believe in giving students second chances and to monitor their own behavior over time.

If a misbehavior is persistent or severe, the teacher will write an infraction slip and refer the student to the Director of School Culture.

When the Director of School Culture receives a notice of an infraction of the Code of Conduct, they have a responsibility to conduct an investigation and collect information needed to make an informed decision. The Director of School Culture will identify the misconduct and the student(s) responsible, explain the consequences and thereby enable the student(s) to think about their actions and how to prevent similar misconduct in the future. Parents will be informed every time a student receives an Infraction slip.

Last but not least, we know that students are individuals with individual needs. We do not subscribe to Zero Tolerance Policies that rigidly apply consequences and punishments for specific misconduct. Instead we review, assess, and treat each individual situation with the attention it deserves.

Examples of unacceptable behavior that may warrant issuing an Infraction:

- A. Uncooperative: which includes but is not limited to disrespect toward staff members and peers, and refusal to follow directions.
- B. Physically Dangerous: which includes but is not limited to fighting, assault, physical intimidation, verbally threatening statements, inappropriate touching, or threats.
- C. Creating an Intimidating, Hostile, or Offensive School Climate: which includes but is not limited to bullying, bias harassment, sexual harassment, or intimidation
- D. Illegal: which includes but is not limited to theft, vandalism, use of illegal substances, weapons possession, and threat with intent to harm.

Unacceptable behavior has consequences.

There will be consequences for students who violate school policies or participate in unacceptable behavior. As students commit infractions of the code of conduct, they move up the levels of the disciplinary chart. As illustrated below, the consequences increase in severity along with the infraction levels on the disciplinary chart. This chart serves as a guideline for the kind of consequence that should be issued for an infraction. The Principal, Director of School Culture or his/her designee, at his/her sole discretion, may impose a more or less severe consequence from the range of options presented below, depending on the number and/or nature of a student's inappropriate behavior(s).

At each stage that a consequence is issued, parents and guardians will be informed by letter that must be signed and returned the following day by the student. A phone call will follow an unreturned letter. In most instances, a phone call will take place at time of incident to inform parents while student is in the Director of School Culture's office.

When we break something, it's our responsibility to fix it.

Students will learn that certain actions are unacceptable at the school and misbehavior has consequences. Students who engage in any type of misbehavior, whether minor or severe, will be required to make amends and/or restore the situation. Restitution may involve an apology, community or school service, or fixing, replacing, and/or paying for damage caused. The student will participate in a conversation to determine the restitution. If possible, the restitution assignment will be communicated to the student's parents prior to his or her completion of the task. In all cases, parents will be informed of the child's inappropriate behavior and the restitution agreed upon with the teacher.

People deserve a second chance.

Each day is a new day and a new chance to wipe the slate clean. Once a student who has committed an infraction completes his/her consequence and restitution, he/she can move back down the disciplinary chart. For every 15 school days that the student is present and commits no further infractions, the student will move down one level.

Not every process works for every child.

We understand that no single set of procedures will be effective in helping every student develop the skills and attitudes necessary for success. Therefore, a series of interventions has been designed for students who have not been motivated by the school-wide procedures. As teachers adapt disciplinary procedures to meet individual needs, the focus will remain positive and an emphasis will be placed on the continuing need for calm and consistent consequences.

Detention, Shadowing, Suspension and Expulsion

Detentions

- a. Lunch Detention (During student's lunch period)
- b. After-school Detention (3:30 to 4:15 pm)

It is the responsibility of the school staff member to give parents a minimum of 24-hour notice when assigning an after school or before school detention. It is the responsibility of the parent to provide transportation to and from an assigned detention. Failure of a student to report to an assigned detention may result in further disciplinary action.

Student Shadowing

Partnerships between families and the school are vital to the success of students. Therefore, FACTS seeks alternative means to address behaviors that are negatively impacting the learning of students; the safety of students, staff and school; and the wellness of the classroom and school climate.

The Director of School Culture and/or Principal may require a parent/guardian or adult designee to shadow a student if it is determined shadowing may help to remediate an issue or behavior, support the climate of a classroom/school and/or promote a stronger partnership between the family and school to support the student.

The shadowing may function as an addition to suspension(s), but may also function as a stand-alone consequence. This is based on the discretion of the Director of School Culture and/or Principal.

Guidelines will be reviewed with the parent/guardian or adult designee before the shadowing begins.

Suspension

Suspensions from school may take the form of in-school or out-of-school suspensions. Suspension is exclusion from school for a period from one (1) to ten (10) consecutive school days.

In-school suspension

A student must be informed of the reasons for in-school suspension prior to implementation. The student shall have the opportunity to respond.

Communication to the parents or guardian shall follow the suspension action taken by the school.

When the in-school suspension exceeds ten (10) consecutive school days, an informal hearing with the principal or another administrator shall be offered to the student and the student's parent or guardian prior to the 11th school day in accordance with the procedures in the Pennsylvania Code.

The student's school entity has the responsibility to make provision for the student's education during the period of the in-school suspension.

Out-of-school suspension

Suspensions may be given by the principal, the person in charge of discipline, or the person in charge of the public school.

A student must be informed of reasons for suspension prior to serving the suspension. The student will have an opportunity to respond. Prior notice of suspension is not necessary if it is clear that the health, safety, welfare, or the integrity of the school community is threatened.

The parents or guardians shall be notified in a timely manner in writing when the student is suspended.

When the suspension exceeds three (3) school days, the student and parent shall be given the opportunity of an informal hearing consistent with the requirements of the Pennsylvania Code.

Suspensions may not run consecutively for more than ten (10) school days.

Students are responsible to make up all work, including examinations, missed during the suspension. Students shall be permitted to complete these assignments within guidelines established by the governing board.

Expulsion

Expulsion is exclusion from school by the governing board for a period exceeding ten (10) consecutive school days and may be permanent based on governing board recommendations. Expulsions require a prior formal hearing pursuant to the Pennsylvania Code.

(1) During the period prior to the hearing and decision of the board in the expulsion case, the student shall be placed in his normal class except as set forth in subsection (b).

(2) If it is determined after an informal hearing that a student's presence in his/her normal class would constitute a threat to the health, safety, welfare, or integrity of the school community, and it is not possible to hold a formal hearing within the period of a suspension, the student may be excluded from school for more than ten (10) school days. A student may not be excluded from school for longer than fifteen (15) school days without a formal hearing unless mutually agreed upon by both parties. Any student so excluded shall be provided with alternative education, which may include home study.

(a) The initial responsibility for providing the required education rests with the student's parents or guardians, through placement in another school, tutorial or correspondence study, or another educational program approved by the districts superintendent.

(b) Within thirty (30) days of action by the board, the parents or guardians shall submit to the school written evidence that the required education is being provided as described in paragraph (1) or that they are unable to do so. If the parents or guardians are unable to provide the required education, the school entity shall, within ten (10) days of receipt of the notification, make provision for the student's education. A student with a disability shall be provided

educational services as required by the Individuals with Disabilities Education Act 2004.

- (c) If the approved educational program is not complied with, the school may take action in accordance with 42 Pa.C.S. Chapter 63 (relating to the Juvenile Act) to ensure that the child will receive a proper education. See § 12.1 (b) (relating to free education and attendance).

(3) Students who are under 17 years of age are still subject to compulsory school attendance law even though they are expelled and shall be provided an education.

Hearings

General: Education is a statutory right, and students shall be afforded due process if they are to be excluded from school. In a case involving a possible expulsion, the student is entitled to a formal hearing.

Formal Hearings: A formal hearing is required in all expulsion situations. This hearing may be held before the board or an authorized committee of the board, or a qualified hearing examiner appointed by the board. When a committee of the board or a hearing examiner conducts the hearing, a majority vote of the entire board is required to expel a student. The following due process shall be requirements shall be observed with regard to the formal hearing:

- (a) Notification of the charges shall be sent to the students' parents or guardians by certified mail.
- (b) At least three (3) days' notice of the time and place of the hearing shall be given. A copy of the expulsion policy, notice that legal council may represent the student and hearing procedures shall be included with the hearing notice. A student may request the rescheduling of the hearing when the student demonstrates good cause for an extension.
- (c) The hearing shall be held in private unless the student or parent requests a public hearing.
- (d) The student may be represented by counsel, at the expense of the parents or guardians, and may have a parent or guardian present at the hearing.
- (e) The student has the right to be presented with the names of the names of witnesses against the student, and copies of the statements and affidavits of those witnesses.
- (f) The student has the right to request that the witnesses appear in person and answer questions or be cross-examined.
- (g) The student has the right to testify and present witnesses on their own behalf.
- (h) A written or audio record shall be kept of the hearing. The student is entitled, at the student's expense, to a copy. A copy shall be provided at no cost to a student who is indigent.

- (i) The proceeding shall be held within fifteen (15) school days of the notification of charges, unless mutually agreed upon by both parties. A hearing may be delayed for any of the following reasons, in which case the hearing shall be held as soon as reasonably possible:
 - a. Laboratory reports are needed from law enforcement agencies.
 - b. Evaluations or other court or administrative proceedings are pending due to a student invoking his rights under the Individuals with Disabilities Education Act 2004 (20 U.S.C.A. § § 1400-1482).
 - c. In cases of juvenile or criminal court involving sexual assault or serious bodily injury, delay is necessary due to condition or best interest of the victim.
- (j) Notice of the right to appeal the results of the hearing shall be provided to the student with the expulsion decision.

All hearings will take place before a hearing officer. Said hearing officer will consider the evidence presented by the Administration and the student in connection with the formal hearing and will make a recommendation to the Board of Trustees.

Informal Hearings: The purpose of the informal hearing is to enable the student to meet with the appropriate school official to explain the circumstances surrounding the event for which the student is being suspended or to show why the student should not be suspended.

- (1) The informal hearing is held to bring forth all relevant information regarding the event for which the student may be suspended, and for school official and parents or guardians to discuss ways to avoid future offenses.
- (2) The following due process requirements shall be observed in regards to the informal hearing:
 - (i) Notification of the reasons for the suspension shall be given in writing to the parents or guardians of the students.
 - (ii) Sufficient notice of the time and place of the informal hearing shall be given.
 - (iii) A student has the right to question any witnesses at the hearing.
 - (iv) A student has the right to speak and produce witnesses on their own behalf.
 - (v) The school entity shall offer to hold the informal hearing within the first five (5) days of the suspension.

Appeal Procedures

Appealing In-School Disciplinary Actions

Should a parent disagree with disciplinary action of the school other than out-of-school suspension or expulsions, the parent or guardian may appeal as follows:

- a. Appeals must be made in writing to the Principal for an appointment.
- b. If the parent or guardian is dissatisfied with the result of the appeal to the Principal, they may appeal in writing to the Chair of the Board of Trustees. Appeals must be filed in writing, within three (3) school days of receipt by the parent or guardian of the Principal's notice of disciplinary action or the right to review the appeal is waived.

Appealing Out-of-School Suspension

Should the parent or guardian disagree with an out-of-school suspension, the parent or guardian may appeal the decision of the Principal as follows:

- a. Appeals must be made in writing to the Principal for an appointment.
- b. If the parent or guardian is dissatisfied with the result of the appeal to the Principal, they may appeal in writing to the Chair of the Board of Trustees. Appeals must be filed in writing, within three (3) school days of receipt by the parent or guardian of the Principal's notice of disciplinary action or the right to review the appeal is waived.
- c. If the parent is dissatisfied with the Board's decision, he or she may appeal the decision as permitted by law.

If the Principal determines that the student's presence at school does not create a continuing danger to persons or property or an outgoing threat of disruption, the student may be allowed to continue in school on a regular basis until the appeal is considered. A favorable decision will allow the student to continue in school, whereas a decision supporting the Principal will require the student to serve the full day suspension beginning the next school day after receiving notice of the decision. In situations where the student is excluded during the appeal process and the

appeal is ultimately favorable to the student, opportunity will be provided for the completion of make-up assignments.

Appealing Expulsion

Following the formal hearing, should the parent or guardian disagree with the decision to expel, the parent may appeal the decision as follows:

- a. Appeal requests must be made in writing to the Board of Trustees. Such written request must be filed with the Board of Trustees within five (5) calendar days of the expulsion decision; otherwise the right to review the appeal is waived.
- b. If the parent is dissatisfied with the decision of the Board of Trustees on appeal, recourse is available in the appropriate Court of the Commonwealth of Pennsylvania. If it is alleged that a constitutional issue is involved, the student may file a claim for relief in the appropriate Federal District Court.

Discipline of Students with Disabilities

Folk Arts-Cultural Treasures Charter School shall comply with the Individuals with Disabilities Education Improvement Act (IDEA 2004) and any applicable federal and state statutes or regulations when disciplining students with disabilities. Students with disabilities who engage in inappropriate behavior, disruptive or prohibited activities, and/or conduct injurious to themselves and/or others shall be disciplined in accordance with their Individualized Education Programs (IEP), behavioral intervention plan, Title 22, Chapter 711 and relevant portions of Chapter 12 of the State Board of Education Regulations, IDEA 2004, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and any other applicable federal or state law.

2. Request to transfer to an Alternative Setting for disciplinary reasons
3. Suspension for more than 10 consecutive days

- Provide written notice to the parent/guardian of the recommended disciplinary action and the date of the proposed IEP meeting.
- During the IEP/Manifestation Determination meeting, the IEP team will review the student's most current evaluation, IEP, and placement to determine if the referred misconduct is related to the student's disability.

In general, within ten (10) school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the school, the parent, and relevant members of the IEP Team (as determined by the parent and the School) shall review all relevant

information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine-

- (i) if the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- (ii) if the conduct in question was the direct result of the School's failure to implement the IEP.

If the School, the parent, and relevant members of the IEP Team determine that either subclause (i) or (ii) is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

Thereafter, the IEP Team must

1) Either:

(i) Conduct a functional behavior assessment ("FBA") and implement a behavioral intervention plan for the Student; or

(ii) If an FBA was already done prior to the infraction, then the behavioral intervention plan is to be reviewed for necessary modifications to address the behavior in question;

2) The Student is then returned to the original placement unless School and parents agree otherwise.

If the determination is made that the behavior is not a manifestation of the Student's disability, then School personnel may apply the relevant disciplinary procedures to the Student as would be applied to students without disabilities. The only difference is that the Student with a disability must continue to participate in the general education curriculum and to progress towards meeting IEP goals, although in another setting. The Student will receive, as appropriate, an FBA and behavioral intervention services and modifications designed to address the behavior violation to prevent recurrence.

Appealing Disciplinary actions of Students with Disabilities

A parent of a student with a disability may appeal any decision regarding placement or the manifestation determination.

A School may appeal maintenance of a current placement if it would likely result in injury to the Student or others.

In either situation, a Student must remain in the interim alternative educational setting pending the decision of the hearing officer or expiration of time period per law, whichever occurs first, unless School and parents agree otherwise.

Reporting Crimes and/or Disruptive Behavior

It is important that all students and parents understand that, in addition to taking disciplinary action at the school level, certain criminal and/or disruptive behavior must be reported to appropriate police authorities. The following incidents will be reported:

- Capital Crimes
- Assaults or Threats of Assault
- Possession of Weapons
- Robbery or Theft

- Sexual Abuse
- Property Damage
- Drug or Alcohol Use

Additionally, the Principal has the discretion to report any other incident occurring within the regular operation of the school.

Any student who is formally charged with a felony by a proper prosecuting attorney for an incident which is shown to have an adverse impact on the educational program, discipline, or welfare in the school shall, following an administrative hearing and after due notice to the parents, parent or guardian, and when suspension is recommended, be suspended from all classes until the determination of his or her guilt or innocence, or the dismissal of charges, is made by a court of competent jurisdiction.

The Principal may suspend students under specified conditions for lengths of time in excess of 10 school days provided day time alternative options are utilized.

It is essential that the school be safe and orderly to provide an environment that fosters learning and high academic achievement. To this end students found to have committed any of the aforementioned “reportable” offenses on school property, school sponsored transportation, or during a school-sponsored activity may be brought before the Board of Trustees for expulsion at the Principal’s discretion.

Truancy Policy

Adopted: August 21, 2019
Amended: December 18, 2019

The Folk Arts-Cultural Treasures Charter School (the “Charter School”) believes that good attendance is essential if students are to achieve and reach their potential. Each day is important for learning. Parents are required to ensure their student maintains good attendance.

Truancy - Overview

A child is “truant” if they have three (3) or more school days of unexcused absence during the current school year. An unexcused absence is any absence from school without an acceptable excuse (as articulated in the Charter School’s Student/Parent Handbook), or without any reason at all. This also includes any student who leaves class without the permission of the teacher. An out of school suspension shall be considered an excused absence.

For the first and second unexcused absences, the Charter School will send the parent/guardian a notice of the unexcused absence as well as attach a copy of the legal penalties for violation of compulsory attendance requirements. In addition to stating the legal consequences, the name and telephone number of a school contact person will be included.

For the third unexcused absence, the Charter School will send the parent/guardian notice by mail within 10 school days of the child’s third unexcused absence that the child has been truant. This notice shall 1) include a description of the consequences that will follow if the child becomes habitually truant in the future; 2) will be in the mode and language of communication preferred by the person in parental relation; and 3) include the offer of an Attendance Improvement Conference.

When a child demonstrates truant behavior, the Charter School will schedule a school/family conference to discuss the cause of the child’s truancy and develop a mutually agreed upon Attendance Improvement Plan to resolve truant behavior. The plan can include a myriad of options for the elimination of truancy that are mutually agreed upon by the participants.

The Charter School will report unexcused absences directly to Pennsylvania Department of Education through the Pennsylvania Information Management System (PIMS).

Students who are Habitually Truant

A child is “habitually truant” if they have six (6) or more school days of unexcused absences during the current school year.

Habitually truant children under fifteen (15) years of age: The Charter School will refer the child to either: 1) a school-based or community-based attendance improvement program; or 2) the county children and youth agency (CYS) for services or possible disposition as a dependent child under the Juvenile Act. Additionally, the Charter School may file a citation against the parent/guardian of a habitually truant child under fifteen (15) years of age in a magisterial district court. The venue of the filing shall be based on the location of the school in which the child is enrolled or shall be enrolled.

In all cases, regardless of age, where the Charter School refers a habitually truant child to a magisterial district court or CYS, the Charter School will provide verification that it convened and held an Attendance Improvement Conference.

Children who are habitually truant from school while subject to compulsory school attendance are subject to an assessment to determine if there is a need for general protective services. Children will not be referred to the county children and youth agency for assessment as possibly needing services until after the Charter School has made a formal effort to involve the family and child in resolving the cause of the truant behavior.

Students that are absent from school for ten (10) or more consecutive days without appropriate documentation will be removed from FACTS's rolls.

The Role of the Teacher

Teachers are the first line of defense for compulsory attendance, as they are the first to recognize students with possible attendance issues. Therefore, the Board of Trustees directs the Principal or designee to work with the Charter School's teachers to implement a plan of action that includes but not limited to:

- Sharing and reviewing the Charter School's policy on attendance and student responsibilities with students and families;
- Contacting a child's parent/guardian upon the child's absence from school;
- Meeting individually with students to discuss reason(s) for absence;
- Following up with the Principal (or assigned attendance officer);
- Making referrals to the Social Worker; and
- Collaborating or convening a Student Support Team, as appropriate.

School Attendance Improvement Conference and the Attendance Improvement Plan

The Attendance Improvement Plan is developed cooperatively with involved stakeholders through an Attendance Improvement Conference, which is required upon the Charter School's notice to the child's parent/guardian following the child's third unexcused absence. The Charter School will invite the following individuals to the conference:

- The child;
- The person in parental relation to the child;
- Other individuals identified by the person in parental relation who may be a resource (e.g. a grandparent, sibling, family friend, advocate, community member, etc.);
- Appropriate school personnel;
- Appropriate service providers, if applicable (e.g. case managers, behavioral health providers, probation officers, children and youth practitioners, etc.).

The Charter School is permitted to proceed with the Attendance Improvement Conference and Attendance Improvement Plan without the child's parent present at the Conference.

The Attendance Improvement Conference engages all participants involved in the child's life to explore possible solutions to increase the child's attendance. Maintaining open communication between the child and adults will facilitate positive outcomes.

The purpose of the Attendance Improvement Conference is to discuss the cause(s) of the truancy and to develop a mutually agreed upon plan to assure regular attendance. Issues to be addressed at the Attendance Improvement Conference will include but not be limited to:

- Appropriateness of the child's educational environment;

- Possible elements of the school environment that inhibit student success;
- Child's current academic level and needs;
- Social, emotional, physical, mental and behavioral health issues;
- Issues concerning family and home environment and;
- Any other issues affecting the child's attendance.

The participants in the Attendance Improvement Conference should work collaboratively to conduct a holistic assessment to determine the reason(s) the child is exhibiting truant behavior. Every member should have a vested interest in and responsibility for determining an appropriate plan to assist the child to succeed both socially and academically. This Attendance Improvement Conference also provides an opportunity to ensure that both the child and the family clearly understand the legal ramifications of not adhering to the state's compulsory attendance requirements.

The Charter School will not impose discipline for truant behavior that excludes the child from the classroom, including in-school suspension, out-of-school suspension or expulsion.

The primary goal of the Attendance Improvement Conference is the development of a comprehensive Attendance Improvement Plan which is understood by, agreed upon and supported by the child, the parent/guardian, Charter School representatives and all other conference participants. The Attendance Improvement Plan should include but not be limited to the following components as appropriate:

- Identification and provision of appropriate academic supports by the Charter School and/or community organization(s);
- Identification and provision of appropriate social, emotional, physical, mental and behavioral health supports from the Charter School and/or community organization(s);
- Identification of the school environment issues that affect the child's success and solutions to address these issues;
- Explanation of the child's strengths and responsibilities related to the Attendance Improvement Plan;
- Explanation of the family's strengths and responsibilities related to the Attendance Improvement Plan;
- Clarification of method(s) used for monitoring the effectiveness of the Attendance Improvement Plan;
- Explanation of the consequences for each stakeholder if the Attendance Improvement Plan is not fully implemented;
- Discussion of the benefits for successfully implementing the Attendance Improvement Plan; and
- Following up and reporting the outcome of the Attendance Improvement Plan.

The Attendance Improvement Plan substantiates efforts made by the Charter School, the family and other vested third parties to assist the child in addressing and resolving school attendance issues. This comprehensive system of supports and services provides documentation of the good faith effort between the Charter School and the child's family should future action be required.

The Executive Director or designee is directed to develop procedures that may be necessary to implement this policy.

Anti-Bullying Policy

Adopted Aug 19, 2009
Amended Jun 15, 2011
Affirmed Sept 19, 2015
Affirmed Aug 21, 2019

The FACTS Board of Trustees prohibits acts of harassment or bullying. The board has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

Harassment and bullying include any unwelcome gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e. internet, cell phone, personal digital assistant (pda), or wireless hand held device) which threatens, offends, denigrates, or belittles and is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression; or a mental, physical, or sensory disability or impairment; or by any other distinguishing characteristic. Such conduct includes, but is not limited to, unsolicited derogatory remarks, jokes, demeaning comments or behavior, slurs, mimicking, name calling, graffiti, innuendo, gestures, physical contact, stalking, threatening, bullying, extorting or the display or circulation of written materials or pictures. Harassment includes, but is not limited to, examples cited in this policy, and listed below. Such behavior is considered harassment or bullying whether it takes place on or off school property, at any school-sponsored function, or in a school vehicle.

Harassment is conduct that meets all of the following criteria:

- is directed at one or more pupils;
- substantially interferes with educational opportunities, benefits, or programs of one or more pupils;
- adversely affects the ability of a pupil to participate in or benefit from the school's educational programs or activities because the conduct, as reasonably perceived by the pupil, is so severe, pervasive, and objectively offensive as to have this effect; and,
- is based on a pupil's actual or perceived distinguishing characteristic (see above), or is based on an association with another person who has or is perceived to have any of these characteristics.

Bullying is conduct that meets all of the following criteria:

- is directed at one or more pupils;
- substantially interferes with educational opportunities, benefits, or programs of one or more pupils;
- adversely affects the ability of a pupil to participate in or benefit from the school's educational programs or activities by placing the pupil ***in reasonable fear of physical harm or by causing emotional distress***; and,
- is based on a pupil's actual or perceived distinguishing characteristic (see above), or is based on an association with another person who has or is perceived to have any of these characteristics.

The FACTS Board of Trustees expects students to conduct themselves in a manner in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard

for the rights and welfare of other students, school staff, volunteers, and contractors.

The FACTS Board of Trustees believes that standards for student behavior must be set cooperatively through interaction among the students, parents and guardians, staff, and community members of the school, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school and community property on the part of students, staff, and community members.

The FACTS Board of Trustees believes that the best discipline is self-imposed, and that it is the responsibility of staff to use disciplinary situations as opportunities for helping students learn to assume responsibility and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to *prevent* discipline problems and encourage students to develop self-discipline.

Since bystander support of harassment or bullying can encourage these behaviors, the school prohibits both active and passive support for acts of harassment or bullying. The staff should encourage students to support students who walk away from these acts when they see them, constructively attempt to stop them, or report them to the designated authority.

The FACTS Board of Trustees requires its school administrators to develop and implement procedures that ensure *both* the appropriate consequences *and* remedial responses to a student or staff member who commits one or more acts of harassment or bullying.

Consequences and appropriate remedial actions for a student who commits one or more acts of harassment or bullying may range from positive behavioral interventions up to and including suspension or expulsion, in the case of a student, or suspension or termination in the case of an employee, as set forth in the approved code of student conduct or employee handbook.

Consequences for a student who commits an act of harassment or bullying shall be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance, and must be consistent with the Board of Trustees' approved code of student conduct. Remedial measures shall be designed to: *correct the problem behavior*; *prevent another occurrence* of the behavior; and *protect the victim* of the act. Effective discipline should employ a school-wide approach to adopt a rubric of bullying offenses and the associated consequences.

The FACTS Board of Trustees requires the principal and/or the principal's designee to be responsible for receiving complaints alleging violations of this policy. All school employees are required to report alleged violations of this policy to the principal or the principal's designee. All other members of the school community, including students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy. Reports may be made anonymously, but formal disciplinary action *may not* be based solely on the basis of an anonymous report.

The FACTS Board of Trustees requires the principal and/or the principal's designee to be responsible for determining whether an alleged act constitutes a violation of this policy. In so doing, the principal and/or the principal's designee shall conduct a prompt, thorough, and complete investigation of each alleged incident. The investigation is to be completed within three school days after a report or complaint is made. The board prohibits reprisal or retaliation against any person who reports an act of harassment or bullying. The consequences and appropriate remedial action for a person who engages in reprisal or retaliation shall be

determined by the administrator after consideration of the nature, severity, and circumstances of the act.

The FACTS Board of Trustees prohibits any person from falsely accusing another as a means of harassment or bullying. The consequences and appropriate remedial action for a *person* found to have falsely accused another as a means of harassment or bullying may range from positive behavioral interventions up to and including suspension or expulsion.

The board requires school officials to annually disseminate the policy to all school staff, students, and parents, along with a statement explaining that it applies to all applicable acts of harassment and bullying that occur on school property, at school-sponsored functions, or on a school bus. The Principal & Executive Director shall develop an annual process for discussing the school district policy on harassment and bullying with students and staff.

The school shall incorporate information regarding the policy against harassment or bullying into each school employee training program and handbook.
